Hah! And if that's taken next time, you can try
"notapuppetyourethepuppet".

I'd say as soon as I'm done coughing. On day 10 or so of a garden variety cold...

hey, besden. i discovered that there was already a citation to EPA's just-published ethylene oxide assessment on wikipedia, but the risk estimate was incorrect, so i set out to correct it. for that, i had to create a wikipedia account, and for that i needed a username. i went through a few animals, but they were all already in use, so i tried a few other things – pondscum, tatertot, and poutine – but even they were already in use. i finally got in as "notapuppet". at least his ravings were good for something... when can we go drinking? jinot
